Your life pattern is created by your past thoughts, experiences and beliefs. All repressed emotions from your past painful issues since birth remain in your cellular memory and block your full energy flow. Over time your repressed issues create your life pattern. Your focus becomes narrow, you are not able to feel joy and recognize or appreciate what life is offering you. You are not able to perform to your best potential and have constant anxiety, fear, and security issues.

Constant focus on negative hurtful deceptive thoughts, ill feelings and inability to forgive (yourself and others), judgments, criticisms, and guilt, also builds energy blockages in your system. These energy blockages evolve into dis-ease at the emotional, mental and physical levels and restrict your full potential. You are not able to realize your goals, inner passion, joy, aliveness, focus, clarity, and the calm peaceful state.

The Passion of Life Breathwork Program

This unique and powerful program allows people to attain self-empowerment by releasing negativity, stress, tension, anxiety, repressed emotional issues, and restoring positive attitudes towards life. Intentions are activated at the superconscious state where true dream desires and miracles are originated.

The circular and connected breathwork activates the flow of energy throughout all the cells. Blockages are released, allowing the flow of energy to all the cells. The increase in energy nourishes the body and mind. Creative thoughts with clarity on your life significance and purpose are generated.

The increase flow of energy in the body and mind triggers emotional release and opens up the feeling nature of the heart. A deeper level of love is experienced for yourself and others. You forgive yourself and others, release all feelings of guilt and victimization. The feeling of happiness from all situations is embraced with gratitude.

Higher levels of divinity within you are ignited and activated. You experience a very deep and innermost connection to your GOD source with a feeling of divine love, peace and joy.
